Installations - Removals - Supply - Oil Pump out

Did you know?

Oil tanks **must** be installed by a fully qualified OFTEC installer with the 600a qualification. Many plumbers don't have this and will be breaking the law if they install your oil tank—this will also leave you liable if anything goes wrong. **Why take the risk? Let the professionals take care of it.**

Anglia Oil Tanks have been supplying and installing domestic and commercial, steel and plastic oil tanks for nearly a decade and prides itself on first class workmanship and outstanding customer care.

All installations are carried out to exacting OFTEC and building control regulations, will be fully certified to OFTEC and your local building authority. We provide warranty on our workmanship to the same level as the tank manufacturers warranty.

Anglia oil tanks also holds a hazardous waste carriers licence which legally entitles us to take away your old oil tank, and will have your old tank disposed at a specialist oil tank recycling Centre.

- **Fast, professional service**
- Emergency pump out service
- OFTEC registered 101-105e & 600a
- Plastic & steel oil tanks
- Single skin & banded oil tanks
- Capacities from 1000L to 20,000L
- Concrete bases/plinths & steel support frames
- **Pay no VAT with Anglia Oil Tanks**
